Find Valentine's Day in Victoria

March 7, 2007

VICTORIA -- At **Spinnakers Gastro Brewpub** and Guesthouses it can be Valentine's Day every day. When you think of Valentine's Day you think of romance, great food, chocolate, a delicious beverage and a memorable stay. **Spinnakers** has all those elements.

So why not make some time in your schedule and visit Spinnakers in Victoria, where artisan-inspired cuisine, world-class beer, and cozy heritage suites allow you to celebrate romance every day.

Throughout history there have been many romantic pairings -- Romeo and Juliet, Antony and Cleopatra and Brangelina. At Spinnakers, the brewmaster and chocolatier have gotten together. And together they have made some spectacular pairings of their own -- putting together beer and chocolate combinations as decadent and delicious as you're likely to find anywhere.

Combining the finest cocoa from Bernard Callebaut and Rogers with exotic delights, there are truffles with chillies, lavender, Earl Grey tea, cocoa, strawberries, balsamic vinegar, basil, lemon and other distinctive flavours.

Spinnakers also offers a unique array of artisan-crafted cuisine in their dining room featuring fish and shellfish, steaks, salads and desserts.

Only steps away from Spinnakers is a faithfully restored 1884 Heritage Guesthouse.

THIS IS NOT A PRESS TRIP, but a personal invitation to visit Spinnakers, and experience top quality, locally sourced products whether in baked goods, sumptuous meals or award-winning micro- brews.
